

# Luscious little flower

A very simple but effective crochet flower.

Any size yarn and recommended hook size can be used. This will just effect the finished size of your flower. This pattern uses uk terms.

Ch 6 and join with slipstitch.

Chain 3 (counts as first treble) then one treble crochet into the middle circle.

Chain 2 and continue to make 2 trebles then 2 chains until you have 5 sets of 2 tc with 2 chains in between. After the last 2 chain attach it to the beginning by making a slip stitch in between the first 2 tc posts.

Dc into the two chain space then 5 htc and 1 dc in the same space, slip stich between the 2 tc posts. Continue round into the next 2 chain space. dc, 5 htc and dc and slip stitch between tc posts.

Keep going until you have come to the starting point and after the last dc in the chain space join with a slip stitch in between the 2 tc posts...
